HackNite-PyGame

Mini-RPG game. Theme chosen – Reflections always follow you.

The distortion on the player's reflection indicates health

The more distorted and blur it is, the lesser is your health

Kill enemies that move around and shoot arrows

Health pickups on the ground can be used by walking into them

Run main.py

Controls:

WASD – Movement

Spacebar – Attack

All game assets created using GIMP (Over 370 sprites and images)

Rishabh Dixit and Siddharth Menon

Team – Hack in Black
